Dear Friend,

The **Century Club**, begun more than twenty-five years ago by former State Representative Donald Fox, is a means to raise money for the promotion of Republican ideas and candidates. We are asking you again for your monetary support.

Last year, due to the hard work of over seventy volunteers at the Republican Headquarters, Lawrence County had the highest percentage of victories for Republican candidates in predominately Democrat counties. Our membership is growing slowly but steadily.

However, we cannot rest on our laurels. This election season brings us an important group of candidates to support. Although they have been traditionally low-key, our statewide judicial races are very important. We need your financial help to continue our valuable work in electing our candidates.

The Lawrence County Republican Party again had a booth at the Lawrence County Fair, allowing us to register voters, disseminate information, and help the public become acquainted with our candidates.

Our Annual Fall Dinner is scheduled for October 23, 2009, at the Scottish Rite Cathedral. Tickets are \$30.00 each. The guest speaker is former US Congressman PAT TOOMEY. He is a candidate for the US Senate in 2010.

Thank you for supporting the Lawrence County Republican Party!
